BETHEL AREA REPUBLICANS TO CAUCUS SUNDAY, FEB. 19

Bethel area towns will hold a joint Republican caucus on Sunday, Feb. 19, beginning at 4 p. m. at the West Parish Congregational Church basement, Bethel. Bethel Republicans will caucus at this time and Republicans from Greenwood, Gilsum, Newry, Upton and Woodstock have been invited to caucus at the same time and place as well. Each town GOP will choose its officers for the coming two years as well as members of the County Committee and delegates and alternates to the Republican State Convention to be held in Augusta, April 27-28. Candidates for various offices to be filled in 1984 will also be present. At 5:30 p. m. a pot luck supper will be held with all area Republicans cordially invited. Anyone needing further information should call 824-2446.

HOISINGTON CHALLENGE RACES AT S.R.S.T.C. EVERY SUNDAY AFTERNOON

Sunday River Ski Touring Center has begun a citizens' race series known as the Hoisington Challenge to be run every Sunday afternoon for the rest of the season. The Challenge offers cross country skiers an opportunity to test their skiing progress and fitness by completing a six kilometer race loop and comparing their times against their own previous times and against the times of those racing that day. There is a small entry fee for the Challenge and prizes will be awarded each week. For more information on this exciting event contact Touring Center Director Dick Hoisington at 824-2410.

HISTORICAL SOCIETY HELD ANNUAL FILM FESTIVAL MEETING FEB. 2

Over 50 members and friends of the Bethel Historical Society attended the February monthly meeting which featured the annual historical film festival last Thursday evening. Films shown this year included "American Light: The Luminist Movement 1850-1875" which focused on a show in 1980 at the National Gallery in Washington, D. C. and discusses this important art movement in the 19th century with several references to Maine settings; "Earthbread" which discusses the history and significance of bread throughout history and "Memorandum", a Canadian film Board production, which documents a death camp survivors return to Belsen-Belsen in 1965 to show his son the setting of the horror and suffering of the Holocaust. This last film prompted a continued on Page Four

M.N.R.C. DECIDES FOR REFERENDUM IN '85

Headwaters Alliance, a group opposed to shallow land burial of nuclear wastes, met Saturday night at the home of Robin and Greg Frazier on the Bear River Road in Newry. Much time was spent in discussion of the last Low-Level Waste Siting Commission Hearing and of plans to help in the Maine Nuclear Referendum Committee's (M.N.R.C.) referendum on low-level waste. The M.N.R.C. board voted unanimously on Sunday to sponsor a referendum to allow statewide voter approval or rejection of any low-level radioactive waste disposal site or any participation in a multi-state compact for waste disposal. Exact wording of the referendum will be decided within the next two weeks. The M.N.R.C. postponed a decision on whether to include questions about high-level waste sites or increases in the spent fuel capacity at Maine Yankee.

Representing the M.N.R.C. Saturday night at the Headwaters Alliance meeting were Ed Schlick of Dresden, Executive Director of M.N.R.C. and Ann McPherson, Treasurer of M.N.R.C. Presently no new nuclear reactor plant can continued on Page Four

Early Sunday Fire Destroys Two Units at South Ridge

Two units in the South Ridge Condominiums at Sunday River Ski Area were destroyed by fire early Sunday morning. Four occupants in the building escaped unharmed. Bethel Fire Chief Robert Davis said the blaze started from an overheated tri-metal chimney and was discovered shortly after midnight. Action by the Bethel Fire Department saved the other units in the structure, one of four in the South Ridge complex built in 1978. According to Les Otten, owner and manager of the Ski Area, damage was confined to the two center units in Building B, of the South Ridge complex. He said the destroyed units would probably be rebuilt.

SKI MOVIE AT GOULD FRIDAY EVENING AT 7:30

Everyone is reminded that the fascinating and informative movie "Legends of Skiing" will be shown Friday night, Feb. 10, at 7:30 in the William Bingham Auditorium at Gould Academy.

This film has been prepared by the New Hampshire Ski Museum and tells of the historic beginning of skiing in northern New England. Included is footage from the 1930's and 40's skiing giants as John Roderick of Rumford and Stan Fox from Andover were actively competing against all comers. People of all ages will enjoy this film which has been brought to Gould through the auspices of the Ski Museum and the Gould Academy Nordic team who are selling tickets to raise money for equipment for their program. Tickets are available at the door, the main office in Hanscom Hall or from ski team members.

Sent in by Viva Whitman:

This has been a busy week for us here. Started right out Monday by going to Lewiston where Russell stayed while I went to Portland with my son-in-law. He had an appointment to keep and so did I, so we went together, making it easier for Russell. I have said that I had a very bad cold and did, but it turns out that it isn't all cold; I am allergic to something that is causing so much sickness for me. Had a number of tests at the allergy doctors and the only thing that showed up new was feathers so he told me to take the parakeet, which I have had for five years, out of the house for a week or two and see if that didn't help. In our talking he also mentioned that there is quite a lot of formaldehyde in mobile homes and that some people are sensitive to it. Guess that is my case as I took the bird to my daughter's home but nothing has changed for me. How does one get rid of formaldehyde when all the pressed woods contain it? The mobile homes today are made from nearly all pressed woods of some kind and if you have allergies as I do, I would suggest you think twice about buying one. We don't know for sure yet whether it is the formaldehyde that is making trouble for me or not but intend to find out with the help of the State Health Department and then I'll be able to tell more about it. At this point, I am sure it is not my parakeet who has caused me so much illness.

Was supposed to go to Fryeburg on Tuesday, but the storm cancelled that for me so stayed home and Russell cleared the yard with his snow blower. We were without electricity for about three hours in the afternoon so wrapped up to keep warm and read a good book.

Wednesday was Russell's birthday and we were going to Lewiston to leave my parakeet with my daughter so Wynona and I took Russell to lunch in Auburn.

Russell and I came home by way of Turner, East Sumner and West Sumner where we stopped at Herb Ellis Shoe place to get a lift put onto one of Russell's shoes and to have mine stretched a little.

Went to town on Thursday for an appointment and Russell took his car to the garage to get a new starter. We were afraid the old one, which wasn't working too well, might quit on us when we were away from home. We didn't

want that to happen so Russell got it fixed. Also needed a few items from the grocery store so did all the errands while in town.

In the afternoon, we enjoyed a visit from some of our relatives. Martha and Elvie Birney, also Margaret Oman, all from Oxford called on us. We had a picture of a family reunion taken in 1940 and didn't know too many of the names of the folks there and wanted to have the girls help us and they sure did. It is a large picture and a lot of people there and we could name all but one of the little people so think we did well. Russell and I couldn't name anywhere near as many of the folks as the girls could so we are grateful for their help and hope they call again some day so we can enjoy their company as we did Thursday.

Russell has a cupboard that is made from particle board and knowing that it would contain formaldehyde, we decided to put a sealer on it and paint it. He decided we couldn't do a good job with it as it was, so we took it apart Friday morning. He had decided it was a little too deep anyway and has made the cupboard a little thinner and is painting it. He shuts himself in the middle bedroom with the window open and goes to work. With my troubles I can't paint much so keep out of the way and let him do as he wishes. It is quite a job but will be a good one done, when he finishes. Also went to Fryeburg to the doctor for my weekly call and to let him know what I found out in Portland. As usual we had lunch at a restaurant there.

Did a little cooking Saturday and while Russell was still painting, I went to town to get more paint and get a few other items. My son, Wendall Whitman, called in a few minutes after I got home. His wife, Viola, has been having trouble with one foot that she hurt when she worked at Paris Manufacturing and has had to have it operated on again. Hope it heals good, but the doctor told her he thought she had permanent damage there, which doesn't sound so good.

Saw that Lawrence and Grace were home from the road when we

got up on Sunday morning. We went over to visit for a short while and asked them to go to Rumford with us after lunch to see Laura, our sister, who is in the hospital there. She has hurt her back and has been in traction for about two weeks. The doctors tell her she may have to stay in traction for quite some time, but her husband is trying to fix something like they have in the hospital so she can go home. If he got it done she said she might even go home tomorrow. Just hope all goes well for her. Got to tell you, the squirrels are still pestering Russell. He tried to fix the bird station so they couldn't get to it, but they are sly devils and we left too much metal back in Bethel I guess. He has decided to forget putting out the sunflower seeds they like so well. They have pulled the little perches on the bird feeder out and let the seeds go on the ground. Russell can't even find two of the small perches so decided to wait until he can fix something different before putting out any more sunflower seeds. They, like everything else are too expensive to be wasted that way.

In the mean time, the squirrels keep doing the acrobatics around the feeder and entertain the girls and their dad next door. The feeder is too far away for us to watch it much, but Misty told her grandmother all about what the squirrels were doing, and how she liked to watch them. Wish they were near enough for us to enjoy their antics too.

For the best buys in all of Maine, Shop in Bethel, it seems so plain. Local stores can be lots of fun. You're treated like a special one.

(Tri-Town Ambulance & Emergency Rescue Service)

Tri-Town is having its annual meeting on Tuesday evening, Feb. 14 at 6 p. m. at the Legion Hall in West Paris. Election of officers for the 1984 year will follow a pot luck supper. Members are asked to bring a casserole, a dessert, or a salad.

Several Tri-Town members attended a meeting with the Communications Committee of the Oxford County Sheriff's Department last Tuesday evening, Jan. 31. The Dispatchers discussed communication procedures between personnel and their office. The new law requiring ambulance drivers to use lights and siren together or neither was discussed. If the ambulance is requiring the right of way in an emergency, it should be using both warning lights and sirens. Otherwise no lights should be on.

Safety Tip of the Week

Keeping in mind the above discussion on the use of lights and sirens, when you are driving your car and see and hear an approaching ambulance with lights and sirens, please pull over and let the ambulance pass you. If an ambulance is running the speed limit or slower for the patient's comfort, there is no need for you to move over to let the ambulance pass. Tri-Town members appreciate your support on this matter. Someday it may be a member of your family needing rapid transportation.

Greenwood City

— Mrs. Colista Morgan, Corres. —

We have crossed the halfway mark of winter. I saw no sign of the Ground Hog. If his alarm clock rang, I think he let it ring, as he usually does. But I did see several crows while out walking. What they were doing here I can't imagine. I never thought that a crow could be pretty. This time they were. Against white winter landscape they were spectacular! The contrast was so sharp, as they stood on the snow covered pond. Under the circumstances they really drew my attention even more than the jays.

The day was perfect for winter. The dark band of the shore across the pond, the curving of the pond's whiteness, were topped off by the evergreens against the blue-blue sky. Occasionally a gust of wind shivered the dry leaves of the oaks and beeches.

At this time of year the bad days seem worse and the good really better than reality. But a few warm February days tell us that March is coming up and April and May will follow.

Right now, under the crystals of ice in the drifts, the pond ice, and the hard, frozen ground, life is waiting. The seeming winter-death is but an illusion. Life is biding its time and will respond to increasing warmth.

I took a last look at the cat-

tails frayed by winter winds and bedraggled by rain, where they were matted together looking pale and sick above last year's leaves and returned home.

We were saddened by the death of Reino Ruokolainen this last week. He lived and went to school here as a boy. He also worked here until he retired, because of ill health. We extend sympathy to his wife and relatives.

Duane Hayes and children were the only callers at the Hayes Homestead over the week end.

Mr. and Mrs. Russell Brennan were here from Seekonk, Mass to spend the week end at their cottage and do some skiing.

Ann Holt, Bethel, visited her parents on Sunday and her Uncle Bernard. We joined them for home made ice cream and a birthday cake.

Fred and Rena Curtis called to see us on Saturday.

On Saturday I received a notice that I am to receive a subscription of a magazine from an unknown friend. It was correctly addressed and her name signed but I don't seem to know her. I'd like to thank her personally. She must read my column to know me.

North Paris

Eveline B. Vatcher, Corres.
We have started on the last half of winter with a good snow storm and it is still snowing hard as I write this on Monday morning. There were many accidents and several deaths.

Mr. and Mrs. Herbert Stevens and Joe Vatcher went to the Sportsman's supper and meeting held at the West Paris Legion hall Saturday evening. A game party followed the meeting with the members taking an article in a brown bag. Everyone had fun. A fishing derby will be held at North Paris pond (Sucker Harbor) on Sunday, Feb. 26 at 10 a. m.

Mr. and Mrs. Joe Vatcher went to Lewiston on business and stopped at a book store and Eveline had a ball among books and more books, so she traded for some. Jack Newmayers has had extra help on his wood lot the past week so now we can see the top of the mountain across the way.

Mrs. Rhoda Vatcher returned to her home on Thursday and brought her sister with her for a week.

Friday was pay day so many people were out for business and pleasure.

Joe Vatcher went to Dresden smelt fishing on Sunday, Feb. 5. Eveline and Mrs. Lena Kangas accompanied him and spent the day with Lena's niece, Mrs. Barbara Perkins. It rained very hard all afternoon while Joe and Eveline were fishing. When they got to Richmond it had turned to heavy snow which made slippery driving. At Dresden and nearby towns the ground was all bare like fall.

Callers at Lawrences: Jeanne Millett, Sally Wilson, Joe Vatcher, Heather Mason, Albert Penley Sr. We didn't see a single school bus go by our house so we decided, no school. The trees are beautiful and it certainly looks like a Winter Wonderland. I'll bet Fred Judkins and Joe Penley miss the old snow shovel while they are sipping lemonade in Florida. Evelyn wouldn't trade places with either one of them.

Have a good week everyone.

Rotary Club News

The Rotary Club met at the Sudbury Inn on Feb. 7. The program for the meeting consisted of Club Assembly business, and concerned planning for future Club projects and activities. The chairman of Rotary Information talked on the formation and duties of the Rotary International Board. Always something new to be learned. The program chairman for Feb. 14 is Les Otten. His speaker will be Denis Corrin, a psychologist, who will speak on psychology of the 1980's.

The Chanter Night program of the Oxford Hills Rotary Club on Feb. 4 at Positively Maine Street was a big success. The Bethel Club was the sponsoring club and was duly recognized with special thanks

to John Head and Roger Conant. Recently, while meditating on the areas of service which all Rotarians dedicate their efforts towards the category of Community Service brought to mind the service to the community that certain other groups and persons provide such as the Bethel Citizen that publishes Rotary's public interest news items, free of charge, and accepted with a smile. Now isn't that a nice community service?

Mr. and Mrs. Matthew Wight, Orono, were week end guests of his parents, Mr. and Mrs. Owen Wight.

Two more articles have been added to the warrant for the Annual Town Meeting, bringing the total to 46. One is to see if the Town will vote to enact an ordinance entitled Interlocal Agreement for Septage Waste Disposal. The other is to see if the Town will vote to empower the Selectmen to enter into an agreement with Franklin Harrington and Stanley Roberts under that ordinance. The Selectmen and Fergus Lea of the Androscoggin Valley Council of Governments will meet with Harrington Monday to discuss the agreement for the Proposed Septic Waste Disposal Site. The Selectmen and Lea will meet with Bethel Officials Monday evening to discuss the proposed site, since

WOODSTOCK HISTORICAL SOC. TO VIEW COLLECTION

The Saturday, Feb. 11, Meeting of the Woodstock Historical Society at the Elementary School at 7 p.m. will feature a display of photographs and other items related to the schools of Woodstock from the collection of Richard Fraser. Mr. Fraser has long collected items of interest on the area, and many of his photos were used in Ruby Emery's book on the local schools. Anyone else having similar items is invited to bring them to share with the Society during this exhibit.

One is struck by the remarkable school spirit displayed years ago by the graduates of the Woodstock Schools. Many of them wrote lengthy speeches and poems on the area and nostalgia was a common commodity in years past, perhaps even more so than today. For instance, Dr. Jefferson Gallison, well-known in the town years ago, concluded one poem on the town this way:

May the love of dear old Woodstock,

Grow the warmer as we part,

And the thoughts of this reunion

Bind us closer, heart to heart.

And if it should be our fortune

Nevermore to meet on earth,

Let us not forget our school days,

Or the town that gave us birth.

Dr. William Berry Lapham, the historian, quite naturally kept biographies of the most distinguished graduates of the schools. A. F. Chase wrote a song called "Vive 'old school days." Joe Penham, O. F. Chase, N. D. Curtis, and William M. Brooks followed suit, and this was all for just one reunion back in 1890. Apparently this type of verbal entertainment was much appreciated back before the days of television. Graduates were literate and very devoted to the town of Woodstock.

So plan to come to the next meeting of the historical society and engage in a little reminiscing about school days past.

announced at the Blue and Gold Banquet.

On Feb. 11, 1984 the Cubs will be going roller skating at the American Skates Roll-Arena, North Conway, N. H.

A.E.S. HOLDS SPELLING AND MATH BEES

Betsy Morton, a sixth grade student, won the quarterly school spelling bee at Andover Elementary School last week. Two spellers from each grade from third through sixth grade participated before an audience that included A.E.S. students, teachers and a number of parents.

Other participants, selected on the basis of their high level of spelling performance during the second quarter, were: Holly Salway and Andy Hutchins, Grade 3; David Bishop and Scott Spaulding, Grade 4; Vicki Hutchins and Christian Hutchins, Grade 6; and Lynne Plamier, Grade 6.

Following the spelling bee, the

OXFORD COUNTY EXTENSION MASTER GARDENER PROGRAM TO START FEB. 29

Oxford County Extension Service and S.A.D. 44 Adult and Community Education are sponsoring a Master Gardener Program in this area.

Through the Master Gardener Program, selected community people will receive intensive training in home gardening over several weeks. In return for this training, "students" are asked to provide at least 30 hours of volunteer time during the gardening season as a resource person on gardening in the community.

Seven classes are planned for Wednesdays, 2:30 - 4:30 beginning Feb. 29 at Telstar Regional High School and will be limited to 10-12 people. To enroll call the S.A.D. 44 Adult and Community Education program, 824-2136.

NURSING MOTHERS TO MEET FEB. 14 IN BETHEL

The Bethel area Nursing Mothers Support Group will meet Feb. 14 at 7:30 p.m. at the home of Ruth Boode, corner of Paradise Road and Eden Lane. Abby Duarte, a former La Leche League leader, will speak to the group and answer any questions you may have concerning breast feeding your baby. For more information call 824-3121.

1983 PRELIMINARY BEAR KILL

Maine's 1983 preliminary bear kill is 1,344—slightly higher than the year before.

The number, announced by Fish and Wildlife Commissioner Glenn H. Manuel, is based on tagging data gathered by wardens and biologists throughout the state and is subject to later verification.

Manuel said the figure is "pretty close to what we had predicted last fall. The slightly higher kill is within acceptable biological limits, since recent scientific studies indicate the Maine bear population may be larger than thought from previous conservative population estimates."

The 1984 harvest is 10% higher than the 1,221 bears killed in 1982.

 g. Filed Pursuant to: 16 U.S.C. 791(a)-(2)(r)

h. Contact Person: Michael D. Hefner, Manager Hydro Department, P.O. Box 30, One Jefferson Square, Boise, Idaho 83723

i. Comment Date: April 2, 1984
 j. Description of Project: The proposed project consists of: (1) a new 350-foot long, 35-foot high concrete gravity dam with wing dikes on its abutments; (2) a new 550-acre reservoir with a normal maximum water surface elevation of 700 feet m.s.l. and usable storage capacity of 275 acre feet; (3) a new powerhouse located at the south dam abutment containing three turbine-generators within a total rated capacity of 4.8 MW with a normal tailwater elevation of 676 feet m.s.l.; (4) a 1,500-foot-long, 34.5-kV transmission line and; (6) appurtenant facilities. The project would produce up to 29,400,000 kWh annually.

k. Purpose of Project: Energy produced at the project would be sold to Central Maine Power Company.

l. This notice also consists of the following standard paragraphs: A6, A7, A8, B, C, D2.

m. Purpose of Studies under Permit: A preliminary permit, if issued, does not authorize construction. The Applicant seeks issuance of preliminary permit for a period of 36 months. The work to be performed under this preliminary permit would consist of gathering necessary data, completing surveys and environmental studies, obtaining necessary Federal, State and local permits, and preparing necessary documentation for the Commission's licensing requirements. Applicant estimates that the cost of works to be performed under the permit would not exceed \$125,000.

A6. Preliminary Permit: No Existing Dam—Anyone desiring to file a competing application for preliminary permit where no dam exists or where there are proposed major modifications, must submit to the Commission on or before the specified comment date for the particular application, the competing application itself, or a notice of intent to file such an application. Submission of a timely notice of intent allows an interested person to file the competing preliminary permit application no later than 60 days after the specified comment date for the particular application.

A competing preliminary permit application must conform with 18 CFR 4.33 (a) and (d).

A7. Preliminary Permit—Except as provided in the following paragraph, any qualified license, conduit exemption, or small hydroelectric exemption applicant desiring to file a competing application must submit to the Commission on or before the specified comment date for the particular application, either a competing license, conduit exemption, or small hydroelectric exemption application or a notice of intent to file such an application. Submission of a timely notice of intent to file a license, conduit exemption, or small hydroelectric exemption application allows an interested person to file the competing application no later than 120 days after the specified comment date for the particular application.

In addition, any qualified license or conduit exemption applicant desiring to file a competing application may file the subject application until: (1) a preliminary permit with which the subject license or conduit exemption application would compete is issued, or (2) the earliest specified comment date for any license, conduit exemption, or small hydroelectric exemption application with which the subject license or conduit exemption application would compete; whichever occurs first.

A competing license application must conform with 18 CFR 4.33 (a) and (d).

A9. Notice of Intent—A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, include an unequivocal statement of intent to submit, if such an application may be filed, either (1) a preliminary permit application or (2) a license, small hydroelectric exemption, or conduit exemption application, and be served on the applicant(s) named in this public notice.

Mr. and Mrs. Ronald Deegan are receiving congratulations on the birth of a daughter at Norway Hospital. Esther Davis went down Friday to see the baby at the hospital.

Billsworth Hathaway is cutting wood on his lot.

Our area had another snow storm Monday night and Tuesday after which the wind blew the flakes all around causing drifts to form. Fortunately the temperature was mild and schools kept as usual here in town.

Esther Davis spent Monday and Tuesday with Olive Davis.

Willing Workers Meet

The Willing Workers held their second meeting of 1984 at Esther Davis' with nine present.

Discussion on raising money was held. The church is in need of some repairs.

Many Fleming had brought a quilt top she had made and at the next meeting we hope to have the materials to tack the quilt which will be used to earn money. The meeting is set for March 1.

Marta Clements showed pictures of Antarctica where her son, David, is spending a year in the USARP (U.S. Antarctic Research Program). They were very interesting and we felt as though we had a share of the South Pole with him. It was voted to meet at 7 o'clock in the future. Don't forget March 1, the next meeting.

submit comments, a protest, or a motion to intervene in accordance with the requirements of the Rules of Practice and Procedure, 18 C.F.R. §§ 385.210, 211, 214, in determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

C. Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS," "NOTICE OF INTENT TO FILE COMPETING APPLICATION," "PROTEST," or "MOTION TO INTERVENE," as applicable, and the Project Number of the particular application to which the filing is in response. Any of the above named documents must be filed by providing the original and the number of copies required by the Commission's regulations to: Kenneth F. Plumb, Secretary, Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426. An additional copy must be sent to: Fred E. Springer, Deputy Director, Project Management, Division of Hydropower Licensing, Federal Energy Regulatory Commission, Room 208 RB at the above address. A copy of any notice of intent, competing application or motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

D2. Agency Comments—Federal, State, and local agencies are invited to file comments on the described application. (A copy of the application may be obtained by agencies directly from the Applicant.) If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

TELSTAR GUIDANCE NEWS

The Guidance Office wishes to congratulate all those Freshman, Sophomore, Junior and Senior students who made the second quarter honor roll. Many of these students made the extra effort to work on their academics along with extra curricular and home-related responsibilities. A job well done on their behalf.

This past Tuesday, Feb. 7, 24 Sophomore and Junior students went on a field trip to C.M.V.T.I. in Auburn. Accompanied by Mr. Hart and Graphics Arts Instructor, Mr. Tripp, students visited the C.M.V.T.I. campus and facilities. Highlights of the tour were in the areas of graphic arts, building construction, automobiles and nursing.

Mr. Hart has spent the past week visiting Freshman English classes presenting and discussing "Decision-Making", a necessary skill for all students. Mr. Hart also plans to revisit Freshman classes to follow up on the resources necessary for making decisions. Sophomore English classes will also see Mr. Hart before February vacation concerning plans for a career interest survey and an aptitude test in early March.

Several more Telstar students have made or will soon make arrangements for job shadowing (career/job exploration at an employer's site) in the Oxford County area. Pat McKinney, Law Enforcement; Samantha Merrill, Pollution Control; Sally Thompson, Graphic Design; Dawn Merrill, Radio Broadcasting; Laura Reed, Air Line Reservations; and Vanessa Noyes, Real Estate, have shown a sincere interest in these specific career opportunities. They wish to thank cooperating employers for their time and assistance. This job shadowing option will better prepare these students in whatever field they choose to be employed in the future.

The following seniors have received college acceptance news since Jan. 5 and the Guidance Office wishes to congratulate them: Valerie Cole, Plymouth, N. H.; State College, Physical Education; George Gould, University of Maine at Farmington, General Studies; Robert Hoyt, New England School

Traveling Friday evening was the worst it has been all winter. One person was 45 minutes driving home from Locke Mills. The trucks had to sand in reverse to get up the hills Saturday forenoon.

Sunday—first morning there is no ice in the watering dishes for more than two months.

Lots of cold and flu-like miseries going around.

For one reason or another there isn't much visiting or gadding about. It is more comfortable to stay beside the stove and keep wood in the fire for some of us.

John and Lorraine Mills spent Monday evening with us.

Jim Pinkham from the Advertiser found his way to our house Monday afternoon. Said our road was the worst one he'd been on all day. We did agree that the scenery was nice.

Hi Ellie! How is everything in New Jersey. Received your message about the column and I'll go to work on your suggestion.

She was a member of Calvary Congregational Church, past master, honorary and 60-year member, Lone Mountain Grange, honorary member of Rumford Grange, member of Pomona and State and National Granges.

Surviving are a son, Gordon Miller of Andover; a daughter, Mrs. Laura Dolloff, South Andover; four grandchildren; and four great-grandchildren.

Funeral services will be held at one o'clock Friday afternoon at the Calvary Congregational Church, South Andover, with Rev. Donald Grover and Rev. Nathaniel Pearson officiating. Entombment will be at Woodlawn Receiving Vault and interment in the spring at Woodlawn Cemetery.

SONGO POND

WCSH-TV, channel 6, spent all day Monday filming at VOICES. A team of three technicians video taped Connie Hindman and four local Green Thumb workers performing their recording library activities. The film is scheduled for broadcast on Friday, March 2, at 7:30 p.m. and is sponsored by the American Institute for Public Service in recognition of the 1984 Jefferson Awards.

Connie has been selected as one of five Jefferson Award winners because of her outstanding public services to the handicapped. A formal presentation will be made on Feb. 24 in Portland.

Over 250 nominations from Southern and Western Maine were received and reviewed by WCSH-TV. Local winners will be entered in the 1984 National Jefferson Awards competition.
